

True Noise  
Hanging In Mid Air

V1

I'm in from the streets  
To find where I fit in  
I'm out of the shade  
And doorways I fell in

And as Im going round  
I wonder how I am...

CHORUS

Hanging in mid air  
Hanging in mid-air you know  
So far off the ground  
Am I ever coming down?

V2

Well it makes a man go weak  
When I'm feeling strong  
And the voice in my dreams  
Says 'go where you belong...'

But I am going round  
And I wonder how I am...

CHORUS

Hanging in mid air  
Hanging in mid-air you know  
So far off the ground  
Am I ever coming down?

Tell me would, tell me would you call me free?

CHORUS

Hanging in mid air  
Hanging in mid-air you know  
So far off the ground  
Am I ever coming down?  
Hanging in mid air  
Hanging in mid-air you know  
So far off the ground  
Am I ever coming down...  
Am I ever.... Coming down?
