

True Noise
Hani

V1

Hani I'm lost
Out in space
Caught in progress
And changing tastes
It's a beautiful world
Clear and free
With nothing and nothing
To save me...

CHORUS

Oh Hani...
Would you, would you, would you?
Oh Hani...
Would you, would you, would you?

V2

Dead in love
Blood on our hands
Flowers in sliver
Heads in the sand
It's a beautiful world
Heavy and real
So save who you are
Save how you feel

CHORUS

Oh Hani...
Would you, would you, would you?
Oh Hani...
Would you, would you, would you?

V3

In the arena
With derelict skies
Are woman in rags
Red in their eyes
So shoot for the apple
Body of man
And love me forever
Love while you can

CHORUS

Oh Hani...
Would you, would you, would you?
Oh Hani...
Would you, would you, would you?
Oh Hani...
Would you, would you, would you?
Oh Hani...
Would you, would you, would you?
